

Rang Sarjan Chemicals

Powering Industry. Purifying Water. Perfecting Fragrance.

RANG SARJAN CHEMICAL

At **Rang Sarjan Chemicals**, we are committed to manufacturing and supplying high-performance chemical solutions that support industrial growth, water sustainability, and global manufacturing excellence.

With a strong foundation in chemical expertise, advanced production processes, and stringent quality control systems, we deliver reliable, cost-effective, and environmentally responsible products tailored to diverse industrial and commercial requirements.

ABOUT US

We specialize in the manufacturing of **water treatment chemicals**, including high-quality **Ferric Chloride**, designed to ensure clean, safe, and sustainable water solutions.

Our advanced formulations:

- ◆ Improve water quality
- ◆ Enhance system efficiency
- ◆ Prevent corrosion and scaling
- ◆ Extend equipment life
- ◆ Reduce operational and maintenance costs

In addition, we are proud manufacturers of **Methyl Anthranilate**, a versatile specialty chemical widely used in fragrance, flavor, agrochemical, and industrial applications. Our production ensures consistent purity, stability, and strict compliance with industry standards.

We also operate a well-equipped **repacking facility** for industrial chemicals and acids, offering customized packaging solutions including:

- ◆ Drums
- ◆ Barrels
- ◆ Carboys
- ◆ IBCs
- ◆ Bulk packaging

MISSION

Our mission is to enrich everyday life through innovative and high-performance chemical solutions, while driving excellence in manufacturing and operational standards. We are committed to delivering superior-quality and reliable products that consistently exceed customer expectations. With a strong focus on customer satisfaction, sustainability, and continuous improvement, we strive to create long-lasting partnerships built on trust and integrity. Through environmentally responsible practices and sustainable chemical solutions, we aim to contribute meaningfully to industrial progress and a better, greener future.

VISION

Expanding our vision, we strive to demonstrate the true value of chemicals through comprehensive contract manufacturing solutions. By delivering sustainable and innovative products tailored to diverse industrial needs, we continuously enhance our product portfolio and operational efficiency. Driven by innovation, environmental responsibility, and cost-effectiveness, we aim to exceed customer expectations while contributing to long-term industrial growth and a sustainable future.

WATER TREATMENT CHEMICALS

We manufacture and supply high-efficiency water treatment chemicals for municipal, industrial, and commercial applications worldwide.

Products

- ◆ Ferric Chloride (Liquid & Anhydrous)
- ◆ Poly Aluminium Chloride (PAC)
- ◆ Hydrochloric Acid
- ◆ Magnesium Sulphate
- ◆ Zinc Sulphate
- ◆ Hydrogen Peroxide
- ◆ Aluminium Sulphate
- ◆ Calcium Hypochlorite

APPLICATIONS

- ◆ Wastewater Treatment
- ◆ Drinking Water Treatment
- ◆ Construction
- ◆ Paper Industry
- ◆ Chemical Industry
- ◆ Pharmaceutical Industry
- ◆ Food Processing
- ◆ PCB Etching

FRAGRANCE & PERFUMERY CHEMICALS

Methyl Anthranilate

A versatile aromatic ester with a sweet, fruity (grape-like) aroma and excellent chemical stability.

Applications

- ◆ Fine Fragrances & Perfumes
- ◆ Body Sprays & Deodorants
- ◆ Soaps & Detergents
- ◆ Cosmetic Formulations
- ◆ Incense & Air Fresheners
- ◆ Beverage Flavoring
- ◆ Confectionery
- ◆ Chewing Gum
- ◆ Syrups & Flavor Blends

INDUSTRIAL ACIDS

We supply high-quality industrial acids meeting stringent quality standards for domestic and international markets.

Products

- ◆ Nitric Acid
- ◆ Sulphuric Acid
- ◆ Hydrochloric Acid
- ◆ Acetic Acid
- ◆ Sulphamic Acid
- ◆ Formic Acid
- ◆ Phosphoric Acid

Applications

- ◆ Fertilizer Manufacturing
- ◆ Chemical Synthesis
- ◆ Wastewater Treatment
- ◆ Steel Pickling & Metal Cleaning
- ◆ Ore Refining
- ◆ Textile Processing
- ◆ Plastic & Polymer Manufacturing
- ◆ Industrial Descaling
- ◆ Paper & Pulp Industry
- ◆ Rubber Manufacturing
- ◆ Detergent Manufacturing

INDUSTRIAL & INORGANIC CHEMICALS

We supply a comprehensive range of industrial and inorganic chemicals with strict quality control and consistent performance.

Products

- ◆ Calcium Chloride
- ◆ Caustic Soda
- ◆ Chlorinated Paraffin Wax
- ◆ Ethyl Acetate
- ◆ Copper Sulphate Pentahydrate
- ◆ Cuprous Chloride
- ◆ Cupric Chloride
- ◆ Soda Ash
- ◆ Sodium Silicate Liquid
- ◆ Sodium Sulphate
- ◆ Ammonia Liquid
- ◆ Formaldehyde
- ◆ Magnesium Sulphate
- ◆ Zinc Chloride
- ◆ Zinc Sulphate
- ◆ Ferric Chloride
(Anhydrous & Hexahydrate)
- ◆ Sodium Meta Bi-Sulphite

Applications

- ◆ Water Treatment Plants
- ◆ Chemical Manufacturing Units
- ◆ Textile & Dye Industries
- ◆ Pharmaceuticals
- ◆ Agrochemical Production
- ◆ Paints & Coatings
- ◆ Metal Processing
- ◆ Detergent & Cleaning Industry

OIL FIELD & DRILLING FLUID CHEMICALS

We supply high-performance chemicals for onshore and offshore oil field operations.

- ◆ Drilling Starch
- ◆ Drilling Detergent
- ◆ Primary Emulsifier
- ◆ Secondary Emulsifier
- ◆ Corrosion Inhibitor
- ◆ Detergent Starch HT
- ◆ Silicon-Based Defoamer
- ◆ Spotting Fluid (Weighted)
- ◆ Ring Wash
- ◆ Hematite (Iron Oxide)
- ◆ Polymer Deflocculants

Our solutions enhance drilling efficiency, improve well stability, and support smooth exploration and production activities.

PACKAGING

OUR GLOBAL REACH

We serve clients across domestic and international markets, delivering consistent quality, secure logistics, and dependable supply chain support.
